EDUCATION

Master in Research in Computer and System Engineering

Technische Universität Ilmenau

10/2018 - Present

Ilmenau, Deutschland

Courses

- Data Analytics
- Software Architecture
- Algorithms
- Systems and Software Engineering
- Distributed Data Management
- Systems Security
- Complex Embedded Systems
- Information Systems

Bachelor of Computer Applications

Bangalore University

06/2016 - 07/2016

Bengaluru, India

Courses

- Database Management
- Web Development
- Operating Systems
- Data Communication Networks
- Systems Programming
- Java Programming

WORK EXPERIENCE

Werkstudent

E.Sic GmbH

03/2021 - Present

Ilmenau, Deutschland

Achievements/Tasks

- Developed and Implemented a Solution for detecting anomalies in the dataset using Power Bi
- Labelled the Images and Videos using Vott platform for training Artificial Intelligence for sewer surveillance
- Researching on developing tokenized authentication to Power Bi reports

Internship

E.Sic GmbH

12/2020 - 02/2021

Ilmenau, Deutschland

Forecasting of Rain Data using historic time series statistical and Machine Learning methods

Achievements/Tasks

- Developed a solution in Python for detecting Anomaly in Power-BI
- Generated proof of concepts with Power Bi embedded for quick implementation of reports into customer portal with Azure Functions
- Integrating reports from Power BI into a web application with row level security
- Performed quick analysis for predicting heavy rain with weather dataset in Power BI

TECHNICAL SKILLS

Programming : Javascript, Python, C++

Markup Languages: Html 5, CSS

Database Technologies : PostgreSQL, MySQL and Oracle Database

Cloud Technologies : Microsoft Azure

Business Intelligence Tools : Power BI , Tableau, Jasper Reports

Operating System : Windows, Linux

PROJECTS

Online Enterprise Resource Planning (02/2016 - 05/2016)

- Developed sign on capabilities on End user and Administrator
- Hosted the project on a web server and made it accessible all across the internet
- Creation of database and connecting to the Front-End

Hotel Management System (05/2015 - 01/2016)

- Facilitate easy management and administration of a hotel by digitizing every transaction
- Generation of receipts as pdf using crytsal reports
- Created a standalone installer for easy installation across all windows platform

CERTIFICATES

Java (10/2015 - 12/2015)

Awarded by NICT Computer Education

LANGUAGES

German

Limited Working Proficiency

English

Full Professional Proficiency

Kannada

Native or Bilingual Proficiency

INTERESTS

Swimming

Music

Gaming

Sports

Cycling

WORK EXPERIENCE

Werkstudent

Incowia GmbH

10/2019 - 10/2020

Ilmenau, Deutschland

Achievements/Tasks

- Evaluating complexity of Enterprise Architecture tools to create KPI in Tableau
- Prepared and implemented ad-hoc reports in Tableau and Jaspersoft reports for Banking partners with ETL
- Developed single sign-on capabilities for generic web application with Keycloak and Jaspersoft server
- Tableau server administration

Data Analyst

United Health Group

03/2018 - 09/2018

Bengaluru, India

Achievements/Tasks

- Performing and documenting data analysis, data validation, and data mapping / design
- Identifying patterns and trends in data sets and visualizing it in Tableau/Power BI
- Working alongside teams within the business or the management team to establish business needs

Consultant

Informatics India Limited

01/2017 - 08/2017

Bengaluru, India

Achievements/Tasks
