EXECUTIVE SUMMARY: An accomplished Engineer with more than 5 years of experience in PLC, SCADA, HMI, Solar Panel Installation, and Semiconductor Industry.

Semiconductor: Experienced in semiconductor manufacturing processes, equipment maintenance, and cleanroom operations. Skilled in troubleshooting semiconductor fabrication tools, Automated Optical Inspection (AOI) machines, providing OEM technical support, and ensuring high-yield production.

PLC: Proficient in testing and assessing hardware systems, troubleshooting, diagnostics, and managing equipment for PLC programming. Specialized in conveyor and sorting programming functionality.

Solar: Flexible and hardworking Solar Energy Installer with broad experience in commissioning, troubleshooting, maintaining, testing, and modifying power systems in solar panel installations.

CORE COMPETENCIES

- | | |
|--|--|
| ▪ AOI Machine Installation, Troubleshooting, Application and Maintenance | ▪ PLC, SCADA, HMI VFD, Stepper and Servo DCS program |
| ▪ Solar Installation and Service Maintenance | ▪ C, C++ program |
| ▪ Technical Customer Support Engineering | ▪ Electrical wiring and Plumbing |
| ▪ AutoCAD, Revit | ▪ MS Office, Outlook, SAP |

WORK EXPERIENCE

TECHNICAL CUSTOMER SUPPORT ENGINEER – SEMICONDUCTOR OEM

Nordson, Singapore | Mar 2023 – Mar2025 **Work under S-Pass (M4321656W)**

- Provided technical support for semiconductor manufacturing equipment, troubleshooting, and resolving complex system issues to supporting Customer are Micron, HP, and Sunningdale Tech.
- Installed, commissioned, and maintained Automated Optical Inspection (AOI) machines used in semiconductor fabrication.
- Diagnosed and repaired AOI machine failures, ensuring minimal downtime and optimal performance.

- Developed and configured AOI machine inspection recipes using specification values and defined CAD parameters for every component to ensure accurate defect detection and compliance with customer quality requirements.
- Delivered training to customers and internal teams on Application (recipe), maintenance, and troubleshooting procedures.
- Ensured compliance with cleanroom protocols and industry standards while performing system upgrades and modifications.

PROJECT ENGINEER – INDUSTRIAL AUTOMATION (PLC, SCADA, HMI)

First Logic Automation, India | Apr 2021 – May 2022

- Installed and commissioned control panel wiring in MCC PANEL, PLC, and HMI PANEL based on E-plan design.
- Developed PLC programs and ladder logic using Siemens (S7-300, S7-1200 TIA PORTAL 15.1), Delta (WPL 2.45 SOFT), Mitsubishi (GX Works3), and Omron (CX Program-CP1E).
- Created HMI screens with Delta, Mitsubishi, Siemens, and Pro-face, integrating recipes, alarms, animations, passwords, and trend graphs.
- Used RTD sensors and PID controllers for temperature regulation via MODBUS communication.
- Optimized processes to reduce costs and downtime while maintaining quality.

SITE ENGINEER – RENEWABLE ENGINEERING (SOLAR)

Auro Power System, India | Apr 2019 – Mar 2021

- Created preliminary layouts and energy estimates.
- Recommended primary project equipment including inverters, PV modules, and batteries.
- Estimated full EPC expenses to meet project requirements.
- Performed onsite installation, technical support, and training.
- Assisted in business development through site evaluations, energy production modeling (PVSYST), and battery dispatch modeling.
- Supported RFPs, Greenfield Development, and acquisition conceptual design studies.

EDUCATION

- **Master of Engineering (M.E) in Power System-** Saveetha School of Engineering College, India| Aug 2021- Apr 2023.
 - **Bachelor of Engineering (B.E) in Electrical and Electronics Engineer** – Anjalai Ammal Mahalingam Engineering College, India | Jul 2015 – Mar 2019
-

TRAININGS AND CERTIFICATIONS

- Application and Service Training in AOI (Automated Optical inspection)
 - C, C++ Programming Language
 - Embedded Systems
 - Electrical CAD and REVIT MEP in CADD design
 - Industrial Automation (PLC and SCADA)
-

ADDITIONAL INFORMATION

- **Date of Birth:** 28.04.1997
- **Nationality:** Indian
- **Languages Known:** English, Tamil, Hindi
- **Expected Salary:** SGD \$ 4000 per month
- **Passport:** Y3230837
- **Willing to Relocate:** Yes
